Scott Bjella
Allied Construction Associates
3927 Colby Ave
Everett, WA 98201

Dear Scott:

As the construction at Camp Fire is now complete, I am writing to thank you and Allied Construction for the wonderful work you did for our organization. Your work is being applauded by everyone who has seen the new buildings at Camp Killoqua.

We commend your firm for its professionalism and quality construction. Your willingness to work with us in resolving issues and problems was especially appreciated. And most importantly, you were conscientious in helping us control costs where possible.

Working with the people of Allied Construction Associates has been an enjoyable experience. Please know that Camp Fire is indebted to you. What you have helped us build is a legacy for the children of our community for generations to come.

Our best wishes to you and your firm. May your future smile brightly and may your every endeavor be successful.

Warm regards,

James Hatch
