Dear Scott,

I just wanted to take a moment and let you know how much I appreciated working with you and your team during the construction of our facility, Grove Elementary School. At every turn Clint and Walt were professional, courteous, and focused on the goal of staying within budget as well as finishing on time.

Taking on the task of building a new educational facility was daunting to say the least. I realized early on that your team viewed any problem as a challenge. I must say, each challenge was met with a determination to finding the best solution that was both economical and timely in execution.

The students and staff enjoy their surroundings that were created to make learning and educating a pleasurable experience.

Once again, thank you for making this a very positive experience.

Sincerely,

A handwritten signature in blue ink that reads "John Bingham". The signature is fluid and cursive, with the first name being more prominent.

John Bingham
Capital Projects, Director
