Dear Scott,

This letter is written to provide a recommendation for Allied Construction Company, Inc. I had the pleasure of working with Allied as Resident Construction Engineer for the City of Lynnwood on the \$2.56M 44th Ave West Interurban Trail, Bridge Overcrossing and East Trail Extension Project. While assigned to this project, I worked very closely with Walt, Clint and Scott and can attest to their desire to provide a quality project for the City of Lynnwood, within budget and under contract time.

I am writing this letter to thank your company, Allied Construction Associates, Inc., for the job well done on finishing the Interurban Pedestrian Bridge Project. Your company has shown diligence and dedication to finish work in time, which greatly benefited the City and the community at large. Even though there were several problem specific challenges during the course of the construction project, your company was able to maintain the efficiency and work collaboratively with the construction management team to resolve all issues equitably. Your attention to the specifics of the construction and open communication has resulted in a job well done.

I look forward to working with you on future projects.

Sincerely,

CITY OF LYNNWOOD
